**20 Years of the UN Convention on the Rights of the Child. 20,000 Voices to Go! What about?**

Join us in welcoming **Plan** Europe's I have a voice! platform <http://www.ihaveavoice.eu>!

The decisions taken by European policymakers affect millions of children all over the world. Children might be still too young to vote but their voices count too! To celebrate the 20<sup>th</sup> anniversary of the UN Convention on the Rights of the Child (UNCRC), **Plan** will gather children and young people's voices over a period of one year and share them with European politicians. This campaign highlights the importance of listening to children's voices and shares what children are calling for as their priorities for the European Union.

With the platform I have a voice! young people up to 18 years from all over the world can tell the European policymakers what they expect them to do for children's rights.

On the occasion of the 20<sup>th</sup> anniversary of the UNCRC **Plan** Europe will organize a Child Rights Week between 16<sup>th</sup> and 20<sup>th</sup> November in the European Parliament. In that context, the website I have a voice! will be officially launched on 17<sup>th</sup> November: the first 20,000 voices will be printed out and handed over as a petition on children's rights to the Parliament.

Please support this call to action on children's participation! Share this platform worldwide!

Mobilize children to give their voice! In a bubble, or even better to upload their voice with a picture or a short movie. In this film – not longer than 30 seconds – the young person should address the European policymakers and talk directly into the camera. The pictures and films will be presented in a special way at the launch!

You can send one or two youth board representatives to the official launch on 17<sup>th</sup> November in Brussels to hand over the petition!
